OIL, GAS AND MINERAL LEASE

THIS AGREEMENT made this 22nd day of July, 2009, between

2009 AUG 31 P 2:41

George H. Rumbaugh, III and Tama K. Rumbaugh, husband and wife

Lessor (whether one or more) whose address is 710 Linton Rd. Benton, La. 71006and DEVON ENERGY PRODUCTION COMPANY, L. P.

Lessee,

whose address is P. O. Box 4616, Houston, Texas 77210-4616

WITNESSETH:

1. Lessor in consideration of One Hundred Dollars and Other Valuable Considerations (\$100.00 & OVC), in hand paid, of the royalties herein provided, and of the agreement of Lessee herein contained, hereby grants, leases and lets unto Lessee, the exclusive right to enter upon and use the land hereinafter described for the exploration for and production of oil, gas, sulphur and all other minerals, together with the use of the surface of the land for all purposes incident to the exploration for and production, ownership, possession and transportation of said minerals (either from said land or acreage pooled therewith), and the right to dispose of salt water, with the right of ingress and egress to and from said lands at all times for such purposes, including for operations hereunder or in connection with similar operations on adjoining land, the land to which this lease applies and which is affected hereby

being situated in Caddo and/ Parish, Louisiana, and described as follows, to-wit:
or Bossier

See Exhibit "A" attached hereto and made a part hereof for description
of land leased and other provisions.

This lease shall also extend and apply to any interest therein which Lessor may hereafter acquire, including, but not limited to, outstanding mineral rights acquired by reversion, prescription or otherwise, and includes battures, accretions, roads, highways, easements, right-of-ways and all land, if any, contiguous or adjacent to, or adjoining the land particularly described above. Lessor agrees to execute any supplemental instrument requested by lessee for a more complete or accurate description of said land. For the purposes of determining

the amount of bonus and the shut-in royalty payment hereunder, said land shall be deemed to contain 942.652 acres, whether actually containing more or less, and the above recital of acreage in any tract shall be deemed to be the true acreage thereof

2. Subject to the other provisions herein contained, this lease shall be for a period of Three (3) years from the date hereof (called "primary term") and as long thereafter as (1) oil, gas, sulphur or other mineral is produced from said land hereunder or from land pooled therewith; or (2) it is maintained in force in any other manner herein provided.

3. For the consideration hereinabove recited, this lease shall remain in full force and effect during the primary term, without any additional payment and without Lessee being required to conduct any operations on the land (either before or after the discovery of minerals), except to drill such wells as might be necessary to protect the land from drainage, as hereinafter provided.

4. The royalties to be paid by Lessee are (a) on oil, and other hydrocarbons which are produced at the well in liquid form by ordinary production methods, one-eighth of that produced and saved from said land, same to be delivered at the wells or to the credit of Lessor in the pipe line to which the wells may be connected. Lessor's interest in either case to bear its proportion of any expenses for treating the oil to make it marketable as crude; Lessee may from time to time purchase any royalty oil or other liquid hydrocarbons in its possession, paying the market price therefor prevailing for the field where produced on the date of purchase. (b) on gas, including casinghead gas, or other gaseous substance produced from said land and sold or used off the premises or for the extraction of gasoline or other products therefrom, the market value at the well of one-eighth of the gas so sold or used, provided that on gas sold at the wells the royalty shall be one-eighth of the amount realized from such sale, such gas, casinghead gas, residue gas, or gas of any other nature or description whatsoever, as may be disposed of for no consideration to Lessee, either through unavoidable waste or leakage, or in order to recover oil or other liquid hydrocarbons, or returned to the ground, shall not be deemed to have been sold or used either on or off the premises within the meaning of this paragraph 4 hereof; (c) on all other minerals mined and marketed, one-eighth, either in kind or value at the well or mine, at Lessee's election, except that on sulphur the royalty shall be one dollar (\$1.00) per long ton.

5. If Lessee during or after the primary term should drill a well capable of producing gas or gaseous substances in paying quantities, (or which although previously produced Lessee is unable to continue to produce) and should Lessee be unable to operate said well because of lack of market or marketing facilities or governmental restrictions, then Lessee's rights may be maintained beyond or after the primary term without production of minerals or further drilling operations by paying Lessor as royalty a sum equal to one dollar (\$1.00) per acre of land covered hereby per year, the first payment being due, if said well should be completed or shut-in after the primary term, within ninety (90) days after the completion of such well or the cessation of production and such payment will extend Lessee's rights for one year from the date of such completion or cessation. If such a well should be completed during the primary term, the first payment, if made by Lessee, shall be due within 90 days after such well is shut-in, or before the expiration date of the primary term herein fixed, whichever is the later date. Thereafter Lessee's rights may be continued from year to year by making annual payments in the amount stated on or before the anniversary date beginning with the date of completion of said well (if completed after the primary term) or the end of the primary term (if completed prior thereto) as the case may be, each of such payments to extend Lessee's rights for one year. The annual payments herein provided for may be deposited to Lessor's credit in the

Pay direct to Lessor

Bank of

which bank shall be and remain Lessor's agent for such purpose regardless of any change or changes in the ownership of the land or mineral rights therein. The owners of the royalty as of the date of such payments shall be entitled thereto in proportion to their ownership of said royalty. The provisions of this paragraph shall be recurring at all times during the life of this lease. Should any well producing gas or gaseous substances be completed on a drilling unit which includes any part of the land herein leased, the provisions of this paragraph shall be subject to all other agreements herein contained allowing the pooling of the above described lands with other lands.

6. If within ninety (90) days prior to the end of the primary term, Lessee should complete or abandon a well on the lands described above or on land pooled therewith, or if production previously secured should cease from any cause, this lease shall continue in force and effect for ninety (90) days from such completion or abandonment or cessation of production. If at the expiration of the primary term or at the expiration of the ninety (90) day period provided for in the preceding sentence, oil, gas, sulphur or other mineral is not being produced on said land or on land pooled therewith, but Lessee is then engaged in operations for drilling, completion or reworking thereon, or operations to achieve or restore production, or if production previously secured should cease from any cause after the expiration of the primary term, this lease shall remain in force so long thereafter as Lessee either (a) is engaged in operations for drilling, completion or reworking, or operations to achieve or restore production, with no cessation between operations or between such cessation of production and additional operations of more than ninety (90) consecutive days, or (b) is producing oil, gas, sulphur or other mineral from said land hereunder or from land pooled therewith. If sulphur be encountered on said premises or on land pooled therewith, this lease shall continue in force and effect so long as Lessee is engaged with due diligence in explorations for and/or erecting a plant for the production of sulphur and thereafter subject to the foregoing provisions hereof so long as oil, gas, sulphur or other mineral is produced from said land hereunder or from land pooled therewith.

7. Lessee is hereby granted the right as to all or any part of the land described herein, without Lessor's joinder, to combine, pool or utilize the acreage royalty or mineral interest covered by this lease, or any portion thereof, at any time during the life of this lease, with any other land, lease or leases, royalty or mineral interests in or under any other tract or tracts of land in the vicinity thereof, whether owned by Lessee or some other person, or corporation so as to create, by the combination of such lands and leases, one or more operating units, as to any and all mineral horizons, provided that no one operating unit shall, in the case of gas, including condensate, embrace more than six hundred forty (640) acres, and in the case of oil, including casinghead gas, embrace more than eighty (80) acres; and provided further, however, that if any spacing or other rules and regulations of the State or Federal Commission, Agency, or regulatory body having or claiming jurisdiction has heretofore or shall at any time hereafter permit or prescribe a drilling or operating unit or spacing rule in the case of gas, including condensate, greater than six hundred forty (640) acres, or in the case of oil or casinghead gas greater than eighty (80) acres, then the unit or units herein contemplated may have, or may be redesignated so as to have, as the case may be, the same surface content as, but not more than, the unit or the acreage in the spacing rule so prescribed or permitted. However, it is further specifically understood and agreed, anything herein to the contrary notwithstanding, that the Lessee shall have the right to, and the benefit of an acreage tolerance of ten per cent in excess of any drilling or operating unit authorized herein. The commencement of operations for the drilling of a well, or the completion of a well to production of either oil, gas, casinghead gas, condensate, or other minerals therefrom shall have the same effect under the terms of this lease as if a well were commenced, completed or producing oil, gas, casinghead gas, condensate, or other minerals on the land embraced by this lease. Lessee shall execute in writing and file for record in the records of the Parish in which the lands herein leased are located, an instrument identifying or describing the pooled acreage, or an instrument supplemental thereto redesignating same, as the case may be. Either prior to the securing of production from any unit created under the authority hereinabove granted, or after cessation of production therefrom Lessee shall have the right to dissolve the unit so created, without Lessor's joinder or further consent, by executing in writing and placing of record in the Parish or Parishes in which the lands making up such unit may be located, an instrument identifying and dissolving such unit. The provisions hereof shall be construed as a covenant running with the land and shall inure to the benefit of and be binding upon the parties hereto, their heirs, representatives, successors and assigns. In the event such operating unit or units is/are so created by Lessee, Lessor shall receive out of production or the proceeds from production from such operating unit or units or out of the shut-in royalty provided for above, such portion of the royalty or of the shut-in royalty specified herein as the number of acres (mineral acres) out of this lease placed in any such operating unit or units bears to the total number of acres included in such operating unit or units.

8. If Lessor owns a less interest in the above described land than the entire and undivided fee simple estate therein, then the payments herein provided shall be paid to Lessor only in the proportion which Lessor's interest bears to the whole and undivided fee.

9. Lessee shall have the exclusive right to explore the land herein described by geological, geophysical or other methods, whether similar to those herein specified or not and whether now known or not, including the drilling of holes, use of torsion balance, seismograph expeditions, magnetometer, or other geophysical or geological instruments, test or procedures, for

the purpose of securing geological and geophysical information. All information obtained by Lessee as a result of such activity shall be the exclusive property of Lessee, and Lessee may disseminate or sell such information without Lessor's consent. In exploring for, developing, producing and marketing oil, gas and other substances covered hereby on the leased premises or lands pooled or unitized therewith, in primary and/or enhanced recovery, Lessee shall have the right of ingress and egress along with the right to conduct such operations on the leased premises, or on any adjacent or adjoining lands, as may be reasonably necessary for such purpose, including but not limited to the drilling of wells, construction and use of roads, canals, pipelines, tanks, water wells, disposal wells, injection wells, pits, electric and telephone lines, power stations, and other facilities deemed necessary by Lessee to discover, produce, store, treat and/or transport oil, gas and other substances. Lessee shall have free use of oil, gas, casinghead gas, condensate, and water from said land, except water from Lessor's wells, for all operations hereunder, including repressuring, pressure maintenance and recycling, and the royalty shall be computed after deducting any so used. Lessee shall have the right at any time during or after the expiration of this lease to remove all property and fixtures placed by Lessee on said land, including the right to draw and remove all casing. When required by Lessor, Lessee will bury all pipe lines below ordinary plow depth, and no well shall be drilled within two hundred feet of any residence or barn now on said land without Lessor's consent. In the event a well or wells, producing oil, gas, casinghead gas or condensate in paying quantities should be brought in on adjacent lands not owned by the Lessor and within one hundred fifty feet of and draining the leased premises, Lessee agrees to drill such offset well or wells as a reasonably prudent operator would drill under the same or similar circumstances.

10. The rights of either party hereunder may be assigned in whole or in part and the provisions hereof shall extend to the heirs, executors, administrators, successors and assigns, but no change or division in ownership of the land, or royalties, however accomplished shall operate to enlarge the obligations or diminish the rights of Lessee. No such change or division in the ownership of the land, or royalties shall be binding upon Lessee for any purpose until such person acquiring any interest has furnished Lessee, at its principal place of business, with a certified copy of the instrument or instruments, constituting his chain of title from the original Lessor. An assignment of this lease, in whole or in part, shall, to the extent of such assignment, relieve and discharge Lessee of any obligations hereunder to Lessor and, if Lessee or assignee of part or parts hereof shall fail to comply with any other provisions of the lease, such default shall not affect this lease insofar as it covers a part of said lands upon which Lessee or any assignee shall comply with the provisions of the lease. In addition, Lessee may at any time and from time to time execute and deliver to Lessor or file for record a release or releases of this lease as to any part or all of said land or of any mineral or horizon thereunder, and thereby be relieved of all obligations as to the released acreage or interest.

11. In case of suit, adverse claim, dispute or question as to the ownership of the royalties (or some part thereof) payable under this lease, Lessee shall not be held in default in payment of such royalties (or the part thereof in dispute), until such suit, claim, dispute or question has been finally disposed of, and Lessee shall have thirty (30) days after being furnished with a certified copy of the instrument or instruments disposing of such suit, claim or dispute, or after being furnished with proof sufficient, in Lessee's opinion, to settle such question, within which time to make payment. Should the right or interest of Lessee hereunder be disputed by Lessor, or any other person, the time covered by the pendency of such dispute shall not be counted against Lessee either as affecting the term of the lease or for any other purpose, and Lessee may suspend all payments without interest until there is a final adjudication or other determination of such dispute.

12. In case of cancellation or termination of this lease from any cause, Lessee shall have the right to retain, under the terms hereof, around each well producing, being worked on, or drilling hereunder, the number of acres in the form allocated to each such well under spacing and proration rules issued by the Commissioner of Conservation of the State of Louisiana, or any other State or Federal authority having control of such matters; or any unit or units formed pursuant to paragraph 7 or, in the absence of such rulings, unit or units, forty (40) acres around each such well in as near a square form as practicable, and in the event Lessor considers that operations are not being conducted in compliance with this contract, Lessee shall be notified in writing of the facts relied upon as constituting a breach hereof and Lessee shall have sixty (60) days after receipt of such notice to comply with the obligations imposed by virtue of this instrument.

13. When drilling, reworking, production or other operations are delayed or interrupted by force majeure, that is, by storm, flood or other acts of God, fire, war, rebellion, insurrection, riot, strikes, differences with workmen, or failure of carriers to transport or furnish facilities for transportation, or as a result of some law, order, rule, regulation, requisition or necessity of government, Federal or State, or as a result of any cause whatsoever beyond the control of the Lessee, the time of such delay or interruption shall not be counted against Lessee, anything in this lease to the contrary notwithstanding, but this lease shall be extended for a period of time equal to that during which Lessee is so prevented from conducting such drilling or reworking operations on, or producing oil, gas, casinghead gas, condensate or other minerals from the premises; provided that during any period that this lease is continued in force after its primary term solely by force majeure as herein provided, Lessee shall pay to the owners of the royalty hereunder the shut-in royalty provided in paragraph 5 hereof, and in the manner therein provided, without regard to whether or not there is a producing well shut in, located on said land or on land with which the lease premises or any part thereof has been pooled.

14. Lessee shall pay for actual damages caused by its operations to growing crops and timber on said land leased herein.

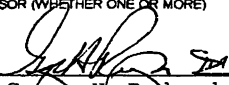

15. Notwithstanding the death of any party Lessor, or his successor in interest, the payment or tender of all sums accruing hereunder in the manner provided above shall be binding on the heirs, executors and administrators of such person.

16. Lessor hereby agrees that the Lessee at its option shall have the right to redeem for Lessor, by payment, any mortgage, taxes or other liens on the above described lands, in the event of default of payment by Lessor, and be subrogated to the rights of the holder thereof. In case of payment of any such mortgage, taxes or other liens by Lessee, in addition to the right to subrogation herein granted, Lessee shall also have the right to retain any royalties which become due Lessor hereunder and to repay itself therefrom, and the retention of such royalties by Lessee shall have the same effect as if paid to the Lessor in whose behalf payment of any mortgage, taxes or other liens was made.

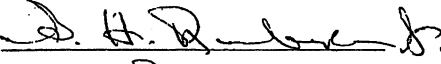

17. This lease shall be binding upon all who execute it, whether or not named in the body hereof as Lessor, and without regard to whether this same instrument, or any copy thereof, shall be executed by any other Lessor named above.

IN WITNESS WHEREOF, this instrument is executed as of the date first above written.

Exhibit "A"

Attached to and made a part of that certain Oil, Gas and Mineral Lease dated July 22, 2009 between George H. Rumbaugh, III and Tama K. Rumbaugh, as Lessor, and Devon Energy Production Company, L.P., as Lessee.

Description of land leased

**TOWNSHIP 20 NORTH – RANGE 14 WEST
CADDO AND/OR BOSSIER PARISH, LOUISIANA**

TRACT ONE: That certain tract or parcel of land containing 503.842 acres, more or less, being more Particularly described as all that part of the East Half (E/2) of Section 21, situated Southeast of the Red River; the West Half of Section 22; the Southwest Quarter of the Northwest Quarter (SW/4 of NW/4) and the West Half of the Southwest Quarter (W/2 of SW/4) of Section 27, all lands being situated in Township 20 North, Range 14 West, Caddo and/or Bossier Parish, Louisiana.

TRACT TWO: That certain tract or parcel of land containing 310.00 acres, more or less, being more particularly described as the Northeast Quarter (NE/4) of Section 28 and all that part of the Northwest Quarter of Section 28, Less and Except 10.00 acres, more or less, being a tract conveyed from Will N. Blanchard, et al to T. M. Ag-Aviation, Inc. in that Act of Sale of Immovable Property and Agreement to Indemnify and Hold Harmless, dated May 12, 1992, recorded in Conveyance Book 2815, Page 350, Registry #1344118, in the Conveyance Records of Caddo Parish, Louisiana, all lands being situated in Section 28, Township 20 North, Range 14 West, Caddo Parish, Louisiana.

TRACT THREE: That certain tract or parcel of land containing 96.13 acres, more or less, situated in Section 29, Township 20 North, Range 14 West, Caddo Parish, Louisiana, being more particularly described as the Northeast Quarter (NE/4) lying East of Cottonwood Bayou, Less and Except 10.516 acres, more or less, being a tract conveyed in that Cash Sale Deed from Mary North Blanchard, et al to John W. Bennett and Forrest L. Bennett, as Trustees under the Revocable Trust Agreement of Forrest L. Bennett, dated May 29, 1990, recorded in Conveyance Book 2677, Page 541, Registry # 01270312, in the Conveyance Records of Caddo Parish, Louisiana.

TRACT FOUR: 10.00 acres, more or less, in Section 28, Township 20 North, Range 14 West, being a tract conveyed from Will N. Blanchard, et al to T. M. Ag-Aviation, Inc. in that Act of Sale of Immovable Property and Agreement to Indemnify and Hold Harmless, dated May 12, 1992, recorded in Conveyance Book 2815, Page 350, Registry #1344118, in the Conveyance Records of Caddo Parish, Louisiana.

Tract Five; 22.68 acres, more or less, in Section 29, Township 20 North, Range 14 West, being more particularly described as all that part of the North 22.73 chains of the Northeast Quarter (NE/4), lying between the center of Cottonwood Bayou and the T & P Railroad in Section 29, less and except a 2.00 acres owned by Caddo Parish School Board, also, less and except, 5.58 acres, more or less, conveyed to Jack I. Stinson in that Cash Sale Deed, dated January 25, 1965, recorded in Conveyance Book 1060, Page 218, Registry #370594. It is the intention of the herein Lessor to lease all lands owned or claimed by Lessor lying West of said Cottonwood Bayou in Section 29, Township 20 North, Range 14 West, Caddo Parish, Louisiana, whether properly described herein or not.

Tracts 1, 2, 3, 4 and 5 described above together contain 942.652 acres, more or less.

It is the intention of the herein Lessor to lease all lands owned or claimed by Lessor in Sections 21, 22, 27, 28, and 29, Township 20 North, Range 14 West, Caddo Parish and/or Bossier Parish, Louisiana, whether properly described herein or not.

Other Provisions

Wherever the printed form of this lease is in conflict with the following provisions, then the following provisions shall prevail:

CHANGE OF ROYALTY - Wherever the fraction one-eighth (1/8th) appears in this lease in any connection with royalty, the fraction one-fourth (1/4th) shall be substituted therefor.

MINERALS COVERED - This lease covers only oil, gas and associated hydrocarbons of like nature producible through a well bore, and does not cover iron ore, coal, lignite, gravel or any other minerals.

PUGH CLAUSE - Anything in this lease to the contrary notwithstanding, actual drilling on, or production from any unit or units (formed by private agreement or by any State or Federal government authority, or otherwise) embracing exclusively the land covered by this lease, or both land herein leased and other land, shall maintain this lease in effect beyond the primary term only as to that portion of Lessor's land included in such unit or units, whether or not said drilling or production is on or from the leased premises.

DEPTH PUGH CLAUSE - Upon the expiration of the primary term of this lease, subject to the provisions of paragraph 6 of the printed form, and also as may be extended by any provision of this lease, this lease shall cover and affect the herein described land only as to the depths from the base of the Pettit Formation down to the stratigraphic equivalent of the base of the deepest formation penetrated by a well drilled on the herein leased land or on lands pooled therewith.

TRANSPORTATION CHARGES - Lessor's royalty shall be calculated free and clear of costs and expenses for exploration, drilling, development and production including, but not limited to, dehydration, storage, compression, separation by mechanical means and product stabilization incurred prior to the production leaving the leased premises or prior to delivery into a pipeline or gathering system, whichever occurs first. Lessor's royalty shall bear its proportionate share of ad valorem taxes and production, severance, or other excise taxes and the actual, reasonable costs incurred by lessee to transport, compress, process, stabilize or treat the production off the lease premises in order to make the production saleable, increase its value, or get the production to a market.

SHUT-IN ROYALTY PROVISION - After the expiration of the primary term, this lease cannot be maintained in force solely by the payment of shut-in royalties for any one period in excess of two (2) consecutive years.

INDEMNIFICATION OF LESSOR - Lessee shall indemnify and hold Lessor harmless from any and all loss, damage, liability, claim, demand or suit of any nature whatsoever for either personal injury, death or property damage that arose out of or in connection with or incidental to Lessee's operation on or under the herein leased land or land pooled therewith. This indemnity shall include but shall not be limited to all of Lessor's cost and expenses occasioned by said loss, damage, liability, claim or demand as well as the amount of any judgment rendered against Lessor, Lessor's court cost, and Lessor's cost of defending a claim or enforcing this indemnity including all associated reasonable attorney's fees.

DEPTH LIMITATION - This Lease shall cover and affect all formations lying one hundred (100) feet below the base of the Pettit Formation. As a result, Lessor hereby grants, leases and lets unto Lessee an exclusive right of use, personal servitude, right of way and easement of passage to penetrate and use the subsurface stratum of the Leased Premises which shall include a right of way and/or servitude from the surface of the Earth through 100' below the base of the Pettit Formation in connection with Lessee's operations in drilling, completing and producing of any well on the leased premises or lands pooled therewith. Lessee may not perforate with the intent to produce hydrocarbons from of a well drilled on the Leased Premises as to those depths lying between the Surface of the Earth and the base of Pettit Formation. Concurrent with the subsurface servitude rights granted by this paragraph, Lessee shall have the right, but not the obligation, to run or have caused to be run through the entire length of a wellbore of any well on the Leased Premises, or lands pooled therewith, any and all industry related well tests.

SURFACE OPERATIONS: The Lands covered by this lease are utilized by Lessor primarily for growing and harvesting timber, farming and other agricultural purposes. Accordingly, Lessee agrees:

- (a) To conduct its operations so as not to unreasonably interfere with Lessor's use of the property and its timber or agricultural operations. It is also agreed and understood by Lessor and Lessee herein, its heirs or assigns, that if development for oil or gas is contemplated on the land described herein, that the Lessee and/or his representative and the Lessor and/or his representative shall make a personal inspection of the location of any such development to determine that it does not unreasonably interfere with Lessor's agricultural use of the land or damage the improvements located on this land. In the event such location could possibly damage any improvement, then by mutual agreement the said location shall be moved to a site acceptable to both parties.
- (b) To use and build only such roads as are reasonably necessary in its operations. Unless otherwise instructed by Lessor, upon cessation of operations, all road beds shall be restored to their original condition, as nearly as practicable.
- (c) To give fifteen (15) days notice prior to conducting any operations on the property which will necessitate the cutting of timber including, but not limited to, the building of roads, pits and drill sites. The notice will be in writing and will be accompanied by a plat or map showing the proposed location of such operations
- (d) That no well will be drilled on the premises within 200 feet of any structure now, without written consent of Lessor.
- (e) When requested by Lessor, to bury all pipelines below ordinary plow depth, or to such greater depth as Lessor deems necessary in its operations, such request shall not be unduly burdensome on Lessee.
- (f) To use its best efforts to extinguish any fire that may result from Lessee's operations and to promptly notify Lessor of any such fire.
- (g) To fill slush pits and other excavations immediately after operations are completed and to restore, as nearly as possible, the surface to its original condition, as nearly as practicable.
- (h) To release Lessor from any loss or damage to any property which Lessee may place on the leased premises; provided however, this release shall not cover or apply to loss or damage to Lessee's property resulting from LESSOR'S gross negligence or willful misconduct.
- (i) Road, ditches and culverts will correspond to the natural drainage of the field.
- (j) Lessee or his assigns shall reimburse Lessor for the actual value of timber or growing crops destroyed by Lessee's operations hereunder. Moreover, Lessee or his assigns shall also reimburse Lessor for the reasonable value of damages to the surface of the leased premises, which damages have been caused by Lessee's use thereof or negligence thereon; and Lessee or his assigns agree to fill and level all slush pits so as to return the surface to its original condition as nearly as practical, within a reasonable length of time after the abandonment of the use of such pit. There shall be no permanent open pits located on the leased premises and the disposal of salt water shall be underground. Such damages, if not agreed upon, shall be determined by three (3) disinterested persons or arbitrators, one (1) of whom to be appointed by Lessor, its successors or assigns, one by Lessee, its successor or assigns; and the third by the two (2) appointed as aforesaid, and the award of any two (2) persons shall be final and conclusive. No action for damages shall lie against Lessee, its successors or assigns, until the expiration of thirty (30) days from the date of final award of said arbitrators.
